## Values And Guiding Principles

**Our values represent our *fundamental beliefs* which describe *how we as individuals and as a group walk our talk and provide our services.***

**In everything we think, say or do ... we do it as Leaders Serving People communicating and demonstrating ...**

- **Integrity** through adherence to sound moral and ethical principles & practices applying **Truthfulness, Honesty, Fairness, Goodwill, Servant-Hood and Responsibility with Ownership** in all we do.
- **Respect** for our residents / clients and their families / guardians and each other **Acknowledging** each and every **Person as Dignified and Unique Individuals.**
- **Openness** in communications **Promoting** and **Supporting the Best Interest** and **Well-being** of those in our care and everyone we deal with.
- **Empathy** for the condition and issues of our clients acknowledging their experiences and conditions and uniqueness.
- **Caring and Compassion**
- **Humility and Gentleness**
- **Quality Mindedness**
- **Courage and Justice**
- **Self-control and Patience**
- **Conscientious**
- **Responsible Attitude**
- **Desire To Learn and Teachable**
- **Consistent and Grounded Application of These Values**

***Nurturing, supporting and promoting the ongoing mental, physical, emotional, spiritual and developmental well-being of all people we serve.***
